# **Thought Leadership Marketing**

# Thought Leadership Positioning

- [Company: A leading social venture driving rural prosperity.](#)
- Challenge: Strengthening thought leadership strategy to drive the global movement for rural upliftment.
- Solution: Developed a new concept of 'Rubanomics' that aims to understand the economics and business models at play in rural markets.- <http://head-held-high.com/about-us/rubanomics/>
- Impact: This concept was very well received at the Harvard Social Conference and at TEDx Talks. A comprehensive Thought Leadership program and ecosystem is being built around this theory.

- [Company: A global IT company](#)
- Challenge: Creating a new positioning paper for their new global campaign.
- Solution: Researched and collaborated with a leading outsourcing publication to create a positioning paper aligned with their global campaign.
- Impact: The paper was targeted at Director level and was very well received. It successfully communicated the company's 'big idea' and added to their brand image as an industry leader.

# Research

- **Global CXO outlook:** This was again a first of its kind research in association with Forbes where over 300 global CEOs were interviewed to get their views on the future of the economy, how innovation will play a key role, why more focus needs to be given to sustainability among others-

[http://www.wipro.com/Documents/6733-F-Insights-Wipro\\_REPORT\\_F.pdf](http://www.wipro.com/Documents/6733-F-Insights-Wipro_REPORT_F.pdf)

- **Empowering people for a high performance nation** research with NSDC- this was a first of kind research in association with NSDC which looked at measuring the impact of the skilling investments being made in india.

<http://www.accenture.com/in-en/company/india-citizenship/Pages/acn-nsdc-launch-study.aspx>

- **Talent pool reports-** These talent pool research reports were first of its kind in India which gauged the employability of engineering, MBA talent pool in india

- <http://merittrac.com/EngineeringTalentPoolReport.pdf>

- <http://merittrac.com/MBAtalent-pool-report.pdf>

# Academia Collaboration

- **Innovation tournament in association with Knowledge@Wharton:** this was a first of its kind innovation competition that was run across the globe to pick young innovators who could help business become more sustainable & profitable! Social media was extensively used to promote the tournament, semi finalists videos were put up online & voting done to pick the finalists. The tournament involved clients, SMEs, academia as mentors for the finalists & the best ideas were awarded cash prizes as well as mentorship support-  
<http://knowledge.wharton.upenn.edu/10000women/article.cfm?articleid=6279>

- **Joint research** projects were done with Stanford, Wharton & Harvard on key focus themes
